

 ICH Roboter

I-Cleaner Rover Automatic Pool Cleaner

Let a robot take the hard work
out of cleaning your pool

Enjoy more time in your pool than cleaning it **Spend** less on water bills
Improve water quality **Reduce** workload on your filtration system

The I-Cleaner Rover wireless robotic pool cleaner from ICH Roboter is the latest innovation in pool cleaning technology.

No more tangled power leads or have to store coils of cable in your pool shed. The new Rover wireless pool cleaner makes the pool cleaning process even easier.

The I-Cleaner Rover wireless robotic pool cleaner is designed to enhance your pool cleaning experience. Place the robot in the pool, turn it on and it will clean the floor and walls automatically. The self contained filter bag means there is no need to clean your sand filter after vacuuming is complete. Simply rinse the internal filter bag and you are ready for the next clean.

Technical Data

General Data

Planning floor speed ..18m/min
 Scanning rate Floor 13m/min
 Wall 17m/min
 Suction rate 18m³/hr

Filter Porosity

Filtration area 0.44m²
 Permeability.....50um

Motor

Power consumption 144W
 Water protection rating IP68

Power Supply

Input 110~240V AC
 50~60HZ
 Output.....28.3VDC
 Output power 200W
 Water protection rating IP21

Electric Controller

CNC motor Yes
 Micro-computer Host Yes
 Auto Monitoring Yes
 Auto-Shut off Yes

Wireless Remote control

Manual remote control Yes
 Transmission distance..... 20M

Packing

Net weight 12.6kg
 Cord.....2.5m
 Gross weight 19kg
 Carton size 840 x 580 x 350

Included as standard

Remote control, Caddy Cart, I-Cleaner Rover, Transformer, 2.5m cable with floating battery pack.
